### **REQUIRED Preparatory comments**

Dear Friend:

Prior to meeting for prayer for healing and deliverance there are some things you may need to know, perhaps you already know them. Deliverance is probably not what you have heard that it is. It is not like the movies. It is likely not what you have known in religious circles. It is not like Hollywood; it is like the Holy Word! It is for believers! It is nothing to be afraid of and is totally non-threatening to the individual. It is simply inner healing by removal of the cause of the problem...Acts 10:38 says that Jesus went about doing good and healing all those who were oppressed of the devil. That is what deliverance is, breaking the oppressing power of the enemy! We are not counselors and don't offer any counseling services.

The most common misconception I encounter is that only evil people have demons. Nothing could be further from the truth! If you are alive...you are a candidate. A second mistake I see when the word deliverance is mentioned is that people want to think "demon possession"... it is NOT possession. Possession implies ownership, we are owned by the Lord Jesus! We are purchased, redeemed, bought with a price. We are possessed by the Holy Spirit of God who lives in our Spirit. Oppression takes place in the soul and in the flesh. The soul is the area of torment ... mind, will, emotions ... and that is where the demons do their misdeeds. This is the warfare that Paul so often talks about. David in Psalms 116 describes oppression and deliverance perfectly. David said, "the pains of hell got hold on me...I found trouble and sorrow...He loosed my bonds."

A demon must have legal rights to one's life. They cannot just intrude at will. It always involves legal consent from either the individual or from God. Generational curse, of course, does not involve our will, but does grant permission to evil spirits through the sins of the father (mother) for three to four generations. Meaning ANYONE born could be born with a spirit that has legal right according to Exodus 20:5. This is the most common entry way for demon spirits and to think it could not happen to you is evidence of the power of their deception. Demons, evil spirits, unclean spirits, devils, spirits of infirmity, principalities, powers etc. Must have PERMISSION to be in some one's life. Just as the Holy Spirit honors our will, demons must also and cannot intrude without some kind of consent. (Consent can be as simple as being in the presence of a Ouija Board, a childhood abuse or trauma, periods of anger or unforgiveness etc.). When completing the questionnaire ask the Holy Spirit to bring to your remembrance anything that may have given access to the demon powers. Once consent is granted the demon takes up residence in the soul or flesh and begins to build a "kingdom" bent on destruction. Jesus described the works of Satan as "rob, kill, steal, and destroy". I have yet to locate a demon power with any other function. Now, the oppression begins because the demon has been granted permission to be there.

In the deliverance process we will determine what doorways or entryways were granted to evil spirits. What permission or consent they have to BE there. Now, the only way they can stay when they are commanded to leave is if they have permission to STAY there. Consent to stay could be, for example, unforgiveness in one's life, that is God-given permission for demons to torment. Matthew 18:23-35. If unforgiveness is in a believer's life, demons do not have to leave! They have God's permission to STAY. Another example of permission to stay would be sin in an individual's life that they are unwilling to surrender to the Lord. That will block a deliverance because the demon has legal rights to stay. Deliverance cannot take place against some ones will and can even involve

more than just their willingness to be free, often it requires a genuine desire to be free. The fact that you are reading this and filling out the information sheet indicates you qualify for deliverance. Demon spirits are very organized and are hierarchy oriented. They are structured and you might view their kingdom as having a CEO with vice-presidents, managers, supervisors and workers. Or maybe a better description would be a military pecking order. There will be a "boss" who runs everything. They like to be called "princes". The Prince may have several princes under him who all have varied functions intent on the believer's demise and destruction. But, everyone will bow at the Name of Jesus Christ. You need not fear.

Some of the demons are assigned various duties. In the process of deliverance I will address these spirits and it is helpful that you know in advance. The deliverance session can vary in length from 1 hour to many hours but generally can be accomplished in a couple of hours. The more prepared the individual is, the smoother the process...with some exceptions. It is not a ritual and it will be permissible for the candidate to ask questions during the process, pause for a restroom break or a drink or water. The deliverance setting is casual, yet, it is Holy. We will depend upon the Holy Presence of God's Spirit to lead us and guide us in the truth encounter...it is not a power encounter! Demons are all liars but they will submit to the truth of the Word of God and the Powerful Name of Jesus Christ. Demons, totally understand the battle, they know they are defeated and know they must be obedient to the commands of the Lord Jesus. They will leave when they are commanded to leave!

It is not uncommon for the person seeking deliverance to experience manifestations of the evil ones prior to the session. They may become extremely nervous (the demons), because they know their time is short. They will attempt to frighten through nightmares or manifesting as an evil presence...they may confuse or disorient the individual...make threats through very negative and frightful thoughts. They may attack the individual's mind to make them think they must be crazy if they really think demons are the problem, they may "tell" the individual that the deliverance minister is a "jerk" that he doesn't know what he is doing, that this will not work, etc. All of these things are common. It is an attempt to keep you from freedom.

Jesus said, "When the Spirit is in you, it will be in your belly, a well of water springing up into everlasting life..." Now, He is talking about the Holy Spirit of God. However, it seems the belly, the mid-section is the seat of the evil spirits also. It is very common for them to manifest in this area with a stirring or nausea type feeling. This is most common. Headaches are very common occurrences prior to and during deliverance. Demon spirits also live in the central nervous system, this is their control center. Numbness, tingling and dizziness are also very common when the demons are aroused. Don't be alarmed, they will not harm you! Just know these are very common. I have seen literally thousands and rarely are there not some of these conditions present.

When the demons are expelled, commanded to leave, they will likely come out on the individual's breath. Sometimes with a deep sigh, a cough, a yawn, a burp...occasionally some gagging, but they will release you and they will be obedient. They cannot be disobedient to the command of the Lord Jesus.

When they leave they will be commanded to go to the abyss never to return. They will be commanded that they cannot harm you, nor can they leave you and go to someone else. They may even threaten you with, "I'll leave, but I'll go to your kids...etc." Don't be alarmed by their threats, they will do as they are commanded...period! You will know when you are free!

It is most common for the individual to "hear" the demon's response in their mind and to report to the minister what they have heard...sometimes they may "see" something when the demons are commanded to obey the Holy Spirit and Holy Angels force them to obedience. For example: Jesus

spoke to the demoniac in Gaddera and said, "What is your name?" The demons in the man responded, "Legion, because we are many". A command will be given that the prince demon reveal his identity by name. And the individual will immediately get a response in their mind...I ask them to report what they hear or see.

Often the names will be very unusual, sometimes names that will surprise the individual, most common is that the demon will reveal his function, i.e., FEAR, DOUBT, HATRED, etc. However, that is his function, not his name, he has a name and we will command the demon reveal his name in the demonic kingdom. It is really not complicated. Once the demon is identified, the bottom line question will be, "Do you have consent from Jehovah God to stay?" It is over at that point, if the spirit does not have consent, he will be commanded to go to the abyss and he will!

There can be any number of demons present and the number is not significant. One thousand will bow as quickly as one at the Name of Jesus Christ.

We will find the permissions they have to be there and cancel each permission. (That is the purpose of the questionnaire, discover their permissions to be there)

1. We will pray a prayer together to cancel that permission.
2. We will locate the Prince, boss, etc. and destroy his kingdom.
3. We will command all demon spirits to repair all of their damage and then go into the abyss ...
4. We will ask the Holy Spirit to fill every void that was in your life with His light and life.

If that sounds pretty simple .... Actually it is. Jesus did all of the work, He paid all of the price, we will just claim it and enter into the full work of the cross and resurrection. Expect to be free!

It is important to know that deliverance is not a "cure all" nor is it a "quick cure". It still requires that a person live in obedience to the Lord Jesus. But genuine freedom will come, it will then be your responsibility to walk in it. We are enclosing some prayers for you to pray prior to coming (see page 8). We look forward to see you,

Just for Jesus,

Denver Deliverance ministry team
